Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

Advertising is the foundation upon which successful businesses are built. You must apply this to your own particular business.

Advertising is the power of an idea multiplied.

Introduction

Hill Directory Co., Inc., publishers of the Raleigh City Directory, present to subscribers and the general public this, the 1930 edition, of the Raleigh Directory.

Confidence in the continued growth of Raleigh's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable place occupied by Hill's directories in offices, stores, libraries and homes has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the community.

FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

The Buyers' Guide, pages 25 to 76, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and as such merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In a great commercial center like Raleigh, the necessity of having this kind of information immediately available is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

The Alphabetical List of Names of residents, business firms and corporations is included in pages 77 to 644. (A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.)

The Directory of Householders, including Street and Avenue Guide, covers pages 645 to 764. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue and the names of householders and business concerns are placed opposite the numbers.

The Classified Business Directory is included in pages 765 to 852. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The directory is the common intermediary between buyer and seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

COMMUNITY PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Raleigh, for business men everywhere realize that the city directory represents a community as it really is.

THE RALEIGH DIRECTORY LIBRARY

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of nearly 500 Directory Libraries installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., INC., Publishers.

Statistical Review

Form of government—Commission.

Population (U. S. Census, 1930)—Raleigh, 37,601; Raleigh Township, 43,346. Wake County, 94,464.

Area—7½ square miles.

Altitude—363 feet.

Temperature—Almost ideal, practically never reaching zero in winter and practically never reaching 100 in summer.

Parks—13 park areas.

Museums—State Museum, State Hall of History, State Art Museum (beginning).

Assessed Valuation—\$52,810,070.

Financial—Eight banks, with total resources of \$26,000,000, and clearings of \$125,618,964 (1929).

Post Office Receipts (1929)—\$461,177.72.

Telephones in Service—8,795.

Churches—Forty-eight, leading denominations.

Building and Construction—Value of building permits, annual average for past five years, \$3,054,056.

Industry—Forty-two establishments, employing 1,481 workers, paying annual wages of \$1,786,604, and having products valued at \$7,058,940.

Retail Trade—Territory serves 500,000 in a trading area having a radius of 25 to 50 miles.

Volume of retail trade (1928), \$40,175,000.

Wholesale Trade—Seventy-six establishments, with annual business of \$12,500,000.

Newspapers—Two dailies, three weeklies, four monthlies, one quarterly.

Hotels—Seven, with total of 985 rooms.

Railroads—Three, Seaboard Air Line (main line), Southern, and Norfolk-Southern.

Amusements—Large auditorium, seats 4,000 persons. There are four theatres.

Hospitals—Three public, three private.

Education—Raleigh has 6 colleges, representing a capital investment of \$7,248,000, with 541 teachers and officers. Total enrollment in 1929 was 3,810. This includes North Carolina State College of Agriculture and Engineering; Meredith (Baptist), an "A" grade woman's college; Peace (Presbyterian), and St. Mary's (Episcopal), junior colleges; Shaw University and St. Augustine's, for colored. Two business colleges—King's Business College and Hardbarger's Secretarial School. Number of preparatory schools, 18, including two high schools and one parochial. Number of pupils in public schools, 8,500. Value of public school property, \$2,750,000. The North Carolina School for the White Blind and the State School for Negro Deaf and Dumb are located here. Wake Forest College (Baptist), with an enrollment of 700, is also located in Wake County.

Volumes in State and City Public Libraries—83,683.

City Statistics—Total street mileage, 90, with 75 miles paved. Miles of water mains, 115, with 8,785 connections; of sewers, 100, and of electric street railway, 12. Daily pumping capacity of water works (municipal), 7,000,000 gallons from both the main and auxiliary sources of supply; present average daily consumption, 3,032,000 gallons; plant value, \$1,900,000. Fire department employs 56 men with full motorized equipment; 5 station houses and 555 hydrants. Police department has 52 men with one station and six pieces of motor equipment.

Wake County—824 square miles in area; second county in State in farm production, with value of farm property at \$2,983,752. Total farm population of 35,562.

State—North Carolina State Department have 938 employees with an annual payroll of \$1,698,902.

RALEIGH, NORTH CAROLINA

The Progressive Capital of a Progressive State

Facts and Information Compiled by the Raleigh Chamber of Commerce

Only four States in the American Union—California, Florida, Michigan, and Texas—exceeded North Carolina in percentage of population growth 1920-30—23.9%.

And Raleigh's percentage of growth—54%—was more than twice as great as that of the State as a whole.

NOTABLE FACTS IN THE MARCH OF PROGRESS

A 54% increase in population as shown by the 1930 United States Census.

Construction work in Raleigh of all types in the past 10 years representing an outlay of \$30,000,000, an average of \$3,000,000 annually.

Bank resources have increased from \$12,000,000 to \$26,000,000, and deposits from \$8,500,000 to approximately \$18,000,000 during a ten-year period.

Investments in buildings and equipment of colleges and schools have grown from \$3,400,000 to \$7,500,000 in the past ten years. During the same period the student enrollment in colleges has increased from 1,352 to 3,810.

Municipal improvements necessitating an expenditure of over \$3,000,000 to provide for present and anticipated needs have been made in the past few years.

The retail volume of trade has increased in the past six years to \$40,175,000. The Raleigh retail sales area is from 25 to 50 miles.

HOW RALEIGH GROWS—POPULATION FIGURES EACH CENSUS, 1840-1930

NORTH CAROLINA STATE CAPITOL—DOUBLY BEAUTIFUL WHEN FLOOD-LIGHTED AT NIGHT

A modern airport and flying school has been provided by the Curtiss-Wright Flying Service. Raleigh will be one of the regular stops on the New York-South American trunk air line. The city and county co-operated in this development.

A modern radio station, carrying both chain and local programs, has been provided by the Durham Life Insurance Company.

The North Carolina State Fair, with a group of handsome new buildings, has been enlarged under State ownership and operation.

Wake County provided a bond issue of \$1,300,000 expended to complete the hard-surfacing of all important through highways in the county, in the interest of both local and tourist traffic.

Raleigh has been established as a stop-over for tourist traffic bound to Southern resorts. Highway developments have put this city at the forks of two leading Southern highways—Federal, No. 1, and the Coastal Route.

Eastern North Carolina is the section of the State with the greatest undeveloped potentialities, and Raleigh is the logical gateway and distributing point for this vast and fertile agricultural area.

RALEIGH---*Old and New*

There have been two Raleighs in North Carolina: the first the "City of Raleigh" on Roanoke Island, which came into being in the spring of 1587, upon the arrival of Governor John White from England. Of it only old Fort Raleigh, its defense, now remains. Governor White left for England on August 27th that year, expecting to return soon with more settlers and supplies. In 1591, when he came back, the colonists had gone without a trace. Then what is now North Carolina and all the rest of North America was "Virginia," named fancifully by Sir Walter Raleigh, in honor of his queen, the great Elizabeth.

The inspiration of Sir Walter's great name persisted, and when, in 1787, the convention of the people of the State of North Carolina decreed that there should be a "fixed and unalterable seat of government," it was also decreed that it should be named in Raleigh's honor. Since the establishment of the colony in 1663, there had been ten seats of government, at only three of which were there structures designed to be of a permanent character. These places were Edenton, Brunswick and New Bern.

Raleigh's streets were named by the convention and the special commissioners named by the General Assembly, in honor of notable men and for the eight superior court districts. In like manner, the public squares were named for men to whom the State was indebted for conspicuous service.

The Raleigh of to-day, established, bought and paid for March 30, 1792, was the consummation of a well-laid and definite plan. The construction of the first capitol building was begun in 1793 and finished in November, 1794. This was later destroyed by fire. The present capitol was built in 1840.

FAYETTEVILLE STREET LOOKING SOUTH FROM CAPITOL

Raleigh's first school was St. Mary's, built prior to 1840. Thirty years later came Peace Institute, and then about 1900, Meredith College, while the negro colleges, Shaw and St. Augustine's, date from 1867. In 1890 the State Agricultural and Mechanical College came into being. The State prison was begun in 1869 and finished a number of years later. The Soldiers' Home, with buildings of wood, was occupied in 1891. In 1876, the old "Palace" of the governors, long unoccupied, was secured for the first graded school. Some twenty years later the first high school was established in a building on the site of the "Palace."

At no capital in the country are there more buildings or institutions connected with the State government. These include the present Capitol, which was built in 1840 of granite from a quarry that was owned by the State, considered by architects to be one of the most perfect pieces of architecture in the country; the Administration Building, Agricultural Building, Hall of History, State Museum, State Departments Building, State Office Building, State Highway Commission Building, Governor's Mansion, State Prison, State Hospital, State School for the White Blind, State School for Colored Deaf Mutes, State Laboratory of Hygiene, State Confederate Soldiers' Home, North Carolina State College of Agriculture and Engineering, and the State Fair Buildings.

In 1907 the completion of the Masonic Temple marked the coming of fireproof buildings, and then came 1911-1915, the third State building, for the State Library. Supreme Court and Historical Commission; the Citizens, Commercial and Raleigh Banking and Trust Buildings, and the City Auditorium. In fact, most persons, asked when Raleigh really began to grow, reply, "When it built the auditorium." The latter fixed it as the convention city of the State for all the greater public gatherings.

The end of the World War brought about another period of extensive development, and then came the new State Hospital, the new School for the Blind, the Agricultural Building, the beautiful Library Building, and other new structures at the North Carolina State College of Agriculture and Engineering; the Odd Fellows Building, the new Meredith College, and public schools, modern and fireproof; Sir Walter Hotel, the Professional Building, the Carolina Hotel, the new Raleigh Banking and Trust Company Building, the Capital Club's new twelve-story office building, and many other structures; extensive street paving and municipal improvements, and the advent of North Carolina's great highway construction program.

A CENTER OF EDUCATION

Raleigh, with six colleges and an excellent school system, has long been recognized as an outstanding center of education.

MODERN AIRPORT AT RALEIGH WILL BE A STOP ON THE NEW YORK-SOUTH AMERICAN AIR TRUNK LINE

AIRPLANE VIEW IN BUSINESS SECTION

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are thirty major buildings in the plant. It had an enrollment—constantly growing—of 2,000 in 1929. It embraces four schools—agriculture, engineering, science and business, and a graduate school.

Meredith College, a Baptist college for women, was opened in 1887. For many years it was located near the capitol and now occupies a modern new plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music.

St. Mary's School for Girls, founded in 1842, is the largest girls' school owned and controlled by the Episcopal Church in the United States. It is a junior college and recognized as one of the best in America.

Peace, a junior Presbyterian college for girls, was opened in 1872. It offers special courses in art, sciences, music and expression. A number of new and modern buildings have been added in the past three years and the enrollment has grown rapidly.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the United States with this rating. It specializes in vocational training.

The well equipped and modern public school system of Raleigh has eighteen buildings, including two high schools. In the past ten years bond issues totaling \$2,300,000 have been voted to provide new buildings. The excellent public school system here reflects great credit upon this city.

RALEIGH CITY AUDITORIUM AND CONVENTION HALL—SEATS 4,000

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The University has eleven buildings. Degrees of A. B. and B. S. are conferred.

St. Augustine College (Episcopal) for colored men and women was opened in 1868. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb, established in 1868, is located in the southeastern part of the city.

COMMERCIAL ADVANTAGES

Raleigh is both a distributing and trading center for a large territory. It is neither east nor west in North Carolina. It stands at the cross-roads logically situated to serve economically a wide area, with ease of access to the industrial Piedmont and to the agricultural East.

Its rapid development as a wholesale center is emphasized by the fact that there are seventy-six such establishments here doing an annual business of \$12,500,000. For the same reason that it is a good wholesale center it is also rapidly increasing as a location for headquarters offices to serve both this and adjoining States.

Nine large modern fireproof office buildings provide more than 1,000 offices.

Its importance as a retail shopping center is shown by the fact that this volume of business in 1929 was approximately \$40,175,000, as compared with \$33,750,000 in 1923. This trade is drawn from an area of twenty-five to fifty miles, embracing a population of 500,000. It has a potential trade territory of twenty-nine counties, which produce one-half of the \$320,000,000 total farm resources of North Carolina.

Raleigh has many fine stores offering a wide variety of merchandise.

STATE AGRICULTURAL DEPARTMENT BUILDING—IN IT IS ONE OF THE FINEST STATE MUSEUMS IN AMERICA AND TEMPORARY STATE ART MUSEUM

One of the city's greatest assets is its transportation facilities. It has the advantage of having three separate railroads—it is located on the main line of the Seaboard Air Line from New York to Florida, on the Southern connecting with its main line from New York to New Orleans, and the main line of the Norfolk Southern. Twenty passenger trains pass in and out of the city every twenty-four hours. With its central geographical location it is important to the manufacturing cities of the north and east. The two bus lines here operate eighty buses in and out of the city daily. These lines and their connections cover the entire State on convenient and regular schedules. There are 2,000 miles of hard-surfaced roads within a hundred-mile radius.

It is the headquarters of the Carolina Power and Light Company, which supplies current to 223 cities and towns in North and South Carolina. The rates in Raleigh and communities served by this company are in line with the lowest obtained in the South and for large consumers very attractive rates are offered. Over the ten-year period the Carolina Power and Light Company has developed its electric horsepower from 47,000 to 195,000.

Gas is supplied by the Raleigh Gas Company, offering splendid service and reasonable rates.

The city water pumping capacity is 7,000,000 gallons per day (twenty-four hours) and the consumption is 3,032,000. Many improvements have been made to provide an adequate supply for present and future needs, including a new pumping station, reservoir, filtration plant and water lines.

The city is in the center of a rich farming country, producing a great variety of crops, including corn, cotton, small grain, tobacco and truck. The Department of Commerce shows the value of farms in Wake County to be \$23,704,963. This is the second highest in the State. An adjoining county with a farm value of \$25,777,998 leads the State.

Raleigh is an insurance center. It is the home office of five insurance companies, all of which

MODERN NEW HIGH SCHOOL BUILDING

are rapidly growing. These companies are the Durham Life Insurance Company, Occidental Life Insurance Company, North Carolina Home Insurance Company (Fire), Atlantic Fire Insurance Company and the Capital Life Insurance Company. Many of the large insurance companies of the country including life, fire, health and casualty companies, maintain headquarters or general State agencies in Raleigh. There are 786 officers and employees in the insurance companies. These receive annually a total of \$1,396,200.

A modern airport of 280 acres is maintained by the Curtiss-Wright Flying Service. A well-equipped flying school is conducted on this field. It is one of the two airports in the South especially approved by the Department of Commerce for a flying school. This field is destined to be an important air terminal and with the establishment of the New York-South American air trunk line within a year, regular stops will be made at the Raleigh airport.

INDUSTRY AND INCOME

Raleigh has forty-two industries, with a capital investment of \$4,105,400, and the annual output amounts to \$7,058,940. There are 1,481 workers in these plants and the annual payroll is \$1,786,604.

In addition, and related to industrial pursuits, there are 1,624 persons employed in other than manufacturing industries, and the combined payroll for this group is \$2,496,714. This classification includes public utilities, railroad shops, highway repair depot, and other industrial workers.

Five hundred and forty-one officers and teachers are employed in the colleges within the city of Raleigh, with a total annual payroll of \$1,040,608.

The third largest group payroll is in North Carolina State departments, where there are 939 employees, receiving annual salaries amounting to \$1,698,902.

The employees of the insurance companies located here, including the home companies and branch offices, receive annually in salaries \$1,396,200.

A summary of the groups already indicated makes a total of 4,585 employees and an annual payroll of \$7,022,828.

ATHLETIC FIELD AND GROUP OF BUILDINGS, NORTH CAROLINA STATE COLLEGE

Raleigh is interested to secure additional industries. One particular factor highly favorable to this proposed expansion is the electric power resources in this section. The Carolina Power and Light Company, with headquarters here, has two hydro-electric plants and one steam plant to serve this territory. Over a ten-year period this company has developed its electric horsepower from 47,000 to 195,000.

WHAT TO SEE IN RALEIGH

As a center for tourists during the winter months, Raleigh, located at the forks of two national highways, has become a city of prime importance. Some indication of this is reflected in the hotel registration, which averages from 25,000 to 30,000 during the winter months. The city abounds in historic traditions and the thousands of visitors enjoy visiting the following places of interest:

Historic old State Capitol Building, famous for the beauty of its architecture.

State Museum and Temporary State Art Museum.

State Hall of History.

Four famous colleges: North Carolina State College of Agriculture and Engineering, Meredith College, Peace, and St. Mary's.

President Andrew Johnson's Birthplace (near State College).

Four points of special beauty: Christ Church, Dix Hill, Country Club, Federal Cemetery.

Seventy-five-acre Virgin Forest (three miles northeast of Federal Cemetery).

Governor's Mansion and Grounds.

Public Libraries: State Library, Raney Library (with children's section). Open to public all day.

Institutions for Negroes: Shaw University and St. Augustine's College.

SIR WALTER HOTEL—350 ROOMS

CAROLINA HOTEL—210 ROOMS

Monuments and public memorials on Capitol Square and in State Department buildings include a replica of Houdon's famous statue of George Washington and memorials to the following North Carolinians: Senator Z. B. Vance, Governor Charles B. Aycock, Dr. Chas. D. McIver, Henry L. Wyatt, Worth Bagley, "O. Henry," Chief Justice Ruffin.

CHAMBER OF COMMERCE WELCOMES INQUIRIES AND VISITORS

The Raleigh Chamber of Commerce is a substantial, well organized and representative body. The membership co-operates in a wide variety of activities in commercial development. A function of particular importance is the information service which has careful supervision. Inquiries given careful and prompt consideration and visitors are welcome.

Offices in Sir Walter Hotel Building.

A GOOD PLACE TO LIVE

Raleigh is a modern city of the new South, which combines old Southern charm with modern enterprise and progressiveness.

Raleigh is recognized as one of the best cities of residence in the Southeast, offering an exceptionally wide variety of recreational advantages.

The Carolina Country Club has a splendid eighteen-hole golf course and a municipal golf course of eighteen holes is being completed at this time.

It has thirteen public park areas well distributed over the city. For stage and concert attractions it has a large city auditorium. There are three well equipped and modern motion picture houses. It has league baseball with a team in the Piedmont League, and Riddick Athletic Field at State College. The city manifests keen interest in both sports and recreation.

STATE ADMINISTRATION BUILDING—SEE THE HISTORICAL MUSEUM IN IT

Raleigh is exceptionally well cared for in hotels. There are seven hotels, with a capacity of 985 rooms. This includes such hotels as the Sir Walter, Carolina, Bland, Raleigh, Mansion Park and Giersch.

It is recognized as the convention city of North Carolina. This is substantially borne out in the fact that this city entertained seventy-eight State and interstate conventions and meetings during 1929.

The five luncheon clubs of the city and the Woman's Club, a civic organization, contribute to the fine community spirit here. These organizations are: Rotary, Lions, Kiwanis, Civitan and American Business Club. Raleigh has a well-equipped and well-organized Y. M. C. A. and Y. W. C. A.

Andrew Carnegie Says of Quality:

I HAVE never known a concern to make a decided success that did not do good, honest work, and even in these days of fiercest competition, when everything would seem to be a matter of price, there lies still at the root of great business success the very much more important factor of quality.

SCHOOLS AND COLLEGES

Saint Mary's School and Junior College

Raleigh, North Carolina

REV. WARREN W. WAY, A. M., D. D., Rector

Owned by the Episcopal Church of North and South Carolina
Founded in 1842 by Rev. Aldert Smedes, D. D.

Eighty-Ninth Annual Session
September 16, 1930-June 2, 1931

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years of grade A college work, all fully accredited by the Southern Association. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

A limited number of day students, residents of Raleigh, are accepted annually, to whom all the advantages offered by Saint Mary's are available. The tuition charge for day pupils in the Academic or Business Departments is one hundred and twenty-five dollars for the session.

At Saint Mary's the discipline is intimate but firm, with home-like influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of modern womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

RALEIGH HOUSEHOLDERS' DIRECTORY (1930)

645

HILL'S

Raleigh Directory of Householders

Occupants of Office Buildings and
Business Places

INCLUDING A COMPLETE

Street and Avenue Guide 1930

Copyright, 1930, by Hill Directory Co., Inc.

The named streets are arranged in alphabetical order, followed by numbered streets in numerical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street, embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

(c) Denotes colored.

The City Directory

represents the City and its
institutions in every cor-
ner of these United States

Are You Properly Represented in It?

The Classified portion
catalogues the professions
and goods handled here

ARE YOU LISTED UNDER YOUR PROPER
HEADING SO THE PROSPECTIVE
BUYER CAN FIND YOU?

“Think It Over”

The EYE is seventeen times
stronger than the EAR.

Research has proven that im-
pressions received through the
eye are seventeen times more
effective than those received
through the ear.

Your advertisement in the City Directory reaches
the vision of your prospects all over the city 365 days
in the year, because some one is using it every hour
in the day.

Hill Directory Co., Inc.
PUBLISHERS

8 N. 6th St. (4th Floor)

RICHMOND, VA.

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
